for Students at MCGM Schools in Mumbai

## Handover Ceremony at New English Mahim School

Clean Drinking Water is the basic need of any human being. Keeping this in mind and continuing its CSR initiatives, tkIS India took up the cause of the making Clean Drinking Water available to Students at the 32 MCGM schools in G-north area of Mumbai, which spreads from Dharavi to Dadar, by donating 57 Eureka Forbes' Water Purifiers.

The first installations were done at New Mahim English Upper Primary School, where the inauguration ceremony was attended by **Mr. P. D. Samudra, CEO & MD, tkIS India**, Mr. Gopal Rai Mandhania, District Governor, Rotary District 3141, dignitaries from the School, tkIS India, Rotary Club of Bombay East (partners for the project), Eureka Forbes & - Citizens Association for Child Rights (CACR) an NGO.

## Handover Ceremony at Mahim Mori Road School

Another ceremony hosted by Rotary Club of Bombay East (project partners) was conducted on June 21, 2017 at the Mahim Mori Road Primary School, where the Inauguration of the Water Purifiers was done at the hands of the Hon'ble Mayor of Mumbai, Mr. Vishwanath Mahadeshwar.

Mr. Mahadeshwar thanked Rotary Club, tkIS India and Eureka Forbes for this noble initiative. He assured MCGM authorities would always be available for any support in connection with installation and maintenance of the installations. He also instructed school authorities to co-operate in maintaining the water purifiers installed by educating students and staff.

The students welcomed the guests by playing “Lezim” and scout claps.

Thereafter the students were explained the importance of drinking clean water for better health and the school authorities were requested to ensure that students take maximum benefit from the water purifiers.

MCGM Authorities, School Head Mistress and teachers thanked Rotary Club, tkIS India and Eureka Forbes for the initiative and assured that the installed water purifiers will be maintained as required.
