

CEO Roundtable on Project Management

Catch ED Engineering & Project Execution Mr PG Waray on EcoTimes

Project Management is being increasingly looked at in the run up to the much-looked-forward to initiatives launched by the Government of India, including the Make in India, Digital India and the Smart Cities projects. In line with this thinking, the **Project Management Institute of India (PMI)** in conjunction with the **Economic Times** organised a national-level Roundtable of leading Project Management specialists, CEOs and industry captains to capture their insights into the world of Project Management, and their take on **'Project Management : Indispensable for Vision India'**.

Our **Executive Director - Engineering & Project Execution Mr PG Waray** was among the panelists at the Roundtable which was held at The Le Meridien in Pune on October 20, 2016.

Mr Waray-speak

CEO Roundtable on Project Management

Catch ED Engineering & Project Execution Mr PG Waray on EcoTimes

An alumnus of the reputed VJTI Mumbai, accredited Project Management professional, member of the Project Management Institute of India - one of the most renowned Project Management bodies in the country - and widely known in the PM fraternity and industry for his project experience, Mr Waray joined a panel comprising leading lights from the IT, Manufacturing and Engineering industries.

The panel dwelt on a number of key issues including the role of Project Management as a bridge between high-level strategic vision and successful outcomes, leveraging Project Management in projects, Project Management techniques, trends and scope, and other issues.

You can read excerpts of the proceedings today in the Eco Times, as well hear Mr Waray and his co-panelists speak on ET Now and in the coming days on the following dates.
